

# SOFT

Soft is one of our classic ceiling lights that has now been updated with a handmade wool fabric shade in several new colors, available in three sizes. The fabric has flame retardant and sound absorbing properties. The diffuser has been updated to high quality acrylic in a matte finish for best light comfort. At the same time, we keep the classic variant with shade and diffuser in white linen and gray and natural linen with diffuser in white chintz. A classic is still a classic.

Soft ceiling fits perfectly in those environments where a pendant is not the optimal choice, like a hallway, bedroom, corridor or waiting room.

All shades are carefully sewn in our own sewing studio locally in Varberg and with the customer in mind.
